Attachments: Closure Serial Register Page 3-6-12.pdf

Hi Wayne and Paul. I have discussed the Snow White Stone Quarry with my reclamation specialists and they feel strongly that we should cut the project loose. The reclamation is acceptable and we will be able to utilize the area for recreation exclusively now. A serial Register page is attached showing our actions. There was no bond, so you probably won't need a written release from our office—true?

The weather and precipitation has been good for plant growth. This last bit of snow occurring just before Spring could be what the doctor ordered for several of our reclamation projects. As soon as plants start sprouting we will be out looking at the Diamond K- 1-70 site and the Gypsum Resources site.

Talk to you later.

CC

Opie. Let me know if I need to send you anything else. OK?

Thanks

CC
